

## 2009 VA SCAN CONFERENCE

Dates: October 5-6, 2009

Location: Charlottesville, VA

Mark your calendars for now for the sixth annual Virginia Alliance for Secure Computing and Networking (VA SCAN) fall conference. Besides a beautiful fall drive to Charlottesville, this conference

offers an affordable opportunity to connect with other security and systems professionals, auditors and managers who share a role in information security. Both technical and management sessions will be included and the agenda is sure to be enticing.

Registration and program details will be available on a conference website thru <http://www.vascan.org> soon. In the meantime, vendors, attendees or others interested in participation can email [va-scan-services@virginia.edu](mailto:va-scan-services@virginia.edu) for further details.
